"In our first quarter as a public company, we demonstrated strength by every measure. Total revenue grew by 67%, subscription revenue grew by 75%, and our operating performance improved significantly, year-over-year," said Todd McKinnon, CEO of Okta. "Our strong results were driven by our industry-leading products, the success we enable for our customers' digital initiatives and the need for every organization to manage their business securely in the cloud. With the Okta Identity Cloud, we are well positioned to capitalize on two large and growing markets: the \$18 billion addressable market for management of employee identities, as well as the largely greenfield market for organizations looking to seamlessly and securely manage the identities of their customers, partners and suppliers."

The section titled "Non-GAAP Financial Measures" below contains a description of these non-GAAP financial measures and a reconciliation between historical GAAP and non-GAAP information is contained in the tables below.

#### Financial Outlook:

For the second quarter of fiscal 2018, the Company currently expects:

- Total revenue of \$55.0 to \$56.0 million
- Non-GAAP operating loss of \$24.0 to \$23.0 million
- Non-GAAP net loss per share of \$0.26 to \$0.25 using shares outstanding of approximately 92.5 million

For the full fiscal 2018, the Company currently expects:

- Total revenue of \$233.0 to \$236.0 million
- Non-GAAP operating loss of \$91.2 to \$88.2 million
- Non-GAAP net loss per share of \$1.15 to \$1.11 using shares outstanding of approximately 80.2 million

These statements are forward-looking and actual results may differ materially. Refer to the Forward-Looking Statements safe harbor below for information on the factors that could cause our actual results to differ materially from these forward-looking statements.

Okta has not reconciled its expectations as to non-GAAP operating loss and non-GAAP net loss per share to their most directly comparable GAAP measure because certain items are out of Okta's control or cannot be reasonably predicted. Accordingly, a reconciliation for non-GAAP operating loss and non-GAAP net loss per share is not available without unreasonable effort.

#### **Non-GAAP Financial Measures:**

This press release and the accompanying tables contain the following non-GAAP financial measures: non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating loss, non-GAAP operating margin, non-GAAP net loss, non-GAAP net loss per share, free cash flow and calculated billings. Certain of these non-GAAP financial measures exclude stock-based compensation and amortization of intangible assets.

Okta believes that these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to Okta's financial condition and results of operations. The Company's management uses these non-GAAP measures to compare the Company's performance to that of prior periods for trend analysis, for purposes of determining executive and senior management incentive compensation and for budgeting and planning purposes. The Company believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing the Company's financial measures with other software companies, many of which present similar non-GAAP financial measures to investors.

Management of the Company does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in the Company's financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgment by management about which expenses and income are excluded or included in determining these non-GAAP financial measures. Okta urges investors to review the reconciliation of its non-GAAP financial measures to the comparable GAAP financial measures, which it includes in press releases announcing quarterly financial results, including this press release, and not to rely on any single financial measure to evaluate the Company's business.

Reconciliation tables of the most comparable GAAP financial measures to the non-GAAP financial measures used in this press release are included with the financial tables at the end of this release.
