Brett Tighe Chief Financial Officer Okta, Inc. 100 First Street, Suite 600 San Francisco, CA 94105

> Re: Okta, Inc. Form 10-K For

Fiscal Year Ended January 31, 2023

Response Dated

September 27, 2023

File No. 001-38044

Dear Brett Tighe:

 $$\operatorname{\textsc{We}}$$ have reviewed your September 27, 2023 response to our comment letter and have the

following comments.

 $$\operatorname{Please}$ respond to this letter within ten business days by providing the requested

information or advise us as soon as possible when you will respond. If you do not believe a $% \left(1\right) =\left(1\right) +\left(1\right)$

comment applies to your facts and circumstances, please tell us why in your response.

 $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

we note otherwise, any references to prior comments are to comments in our September 14,

2023 letter.

Response Dated September 27, 2023

Management's Discussion and Analysis of Financial Condition and Results of Operations, page $$53\$

1. Your response to prior comment 2 indicates that you have implemented voluntary projects as part of your ESG program and purchased renewable energy certificates to match 100% of electricity consumption. In light of these projects and purchases, please provide support for the conclusion that increased demand for generation and transmission of energy from alternative energy sources has no material impacts on your operations or results. Include quantification of the project costs incurred during the periods covered by your Form 10-K and expected to be incurred in future periods, and tell us how you assessed materiality. Your response to prior comment 3 indicates that you have — not experienced any material physical effects of did not identify any weather-related impacts on climate change and [your] business or any weather-related events that caused directly-attributable damages to Brett Tighe Okta, Inc. October 11, 2023 Page 2

[your] operations or results. However, we note disclosure in your Form 10-K that

describes events of PG&E shutting off power in order to reduce the risk of wildfires,

which resulted in many of your employees being unable to work remotely. Please $% \left(1\right) =\left(1\right) +\left(1\right) +\left($

reconcile this apparent inconsistency, including by providing more information regarding

the physical effects of climate change you and your suppliers have experienced during the

periods covered by your Form 10-K. Provide the quantification of

weather-related

damages requested by our prior comment, and tell us how you assessed materiality. $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1$

3. We note your response to prior comment 3 regarding insurance. Please quantify for us the $\ensuremath{\text{0}}$

 $\,$ cost of insurance for each of the periods covered by your Form 10-K, and clarify how the

 $% \left(1\right) =\left(1\right) \left(1\right)$ upward trend in the costs of insurance noted in your response has affected your

expectations for insurance costs and availability in future periods, including as a result of $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1\right)$

weather-related impacts.

Please contact Charli Gibbs-Tabler at 202-551-6388 or Jennifer Angelini at 202-551- $\,$ 3047 with any questions.
